**Wednesday@3:30pm**

Ms. Hammang	Science	Room 40 in Science Wing
Ms Gentry	Math	Room 202

**Voluntary: Any BCHS student may attend a scheduled tutoring session. If a student requests additional tutoring, the Superintendent will arrange a time for that student to be with a teacher for the course in which help is needed.**

**Mandatory: Any BCHS students in grades 9-11 who are failing an English, Science, or Math class is assigned Mandatory NOON Tutoring on Tuesday and Wednesday of the week.**

**Students who fail to attend are assigned one hour of detention and notification sent to the student's parents as to the reason for the detention.**

**If a student is failing three core classes, a letter is sent home to parents notifying them of the classes that their child is failing along with a request to give us input on how to reach their child.**

**(On average about 25-35 students qualify for mandatory tutoring each week)**
